## INTRODUCTION

- FirstGear is a one stop destination for car spare parts.
- It is an online marketplace where user can search for his/her car's needs by entering its model or the spare part name.
- We sell parts such as: Air filters, Oil Filters, Engine Oils, Tyres, etc.

## USER INTERFACE

- FirstGear offers a very simple to use user interface, so that the users have a smooth and seamless experience.
- It displays products of the same category together so that it is easy to navigate.
- It also offers a search bar where the user can type in their requirement.
- Users also have the functionality to track their order using the tracker service by simply entering their order id and email.
